MOVEMENTS EVERYWHERE

By
Rev. Samson Nzima
(National Team Leader
Eswatini)

Warm greetings partners and brethren.

We are once again excited to announce the amazing work that God is doing in the ministry. We are seeing the emerging of movements everywhere and the opening of doors for the gospel of Jesus Christ to be preached to every soul.

God is leading people to himself as we are taking the initiative to tell them about Jesus everyday. In this issue, we see the grace of God at work with the introduction of the Study With Success program at Eswatini Christian Medical University. We also apprehend

The dedication that is shown by our teams, new staff and volunteers at large, and the faithfulness of our partners in supporting the ministry.

With the addition of new staff, we are currently focused in ministry partner development. The raising process is always challenging for new staff but we are seeing the hand of God at work everyday.

As we move towards sustainability which include raising most of the resources locally, we trust that God will continue using his people..

Thank you

SLM ALUMNI CELEBRATE PS. PALUKU

On 24th September 2022, Student Led Movements held an alumni reunion, that was meant to celebrate the ministry of Pastor Paluku.

Pastor Paluku Bushu is a former Campus Crusade for Christ Eswatini missionary who has relocated to the United States of America.

Originally from the Democratic Republic of Congo (DRC), he has served as a missionary in Eswatini for more than 15 years.

He was very influential in recruiting a team of leaders who are passionate with the ministry.

Speaking of Paluku's influence, Mr. Melusi Zikalala narrated how Pastor Paluku would sacrifice his personal resources for the ministry.

"You treated us like we were your biological children. We would come to your house, and feast on everything in the refrigerator." He said.

ESWATINI MEDICAL CHRISTIAN UNIVERSITY INTRODUCE STUDY WITH SUCCESS

In what stands at the most remarkable achievement of the month, Eswatini Medical Christian University has introduced the Study With Success program as part of its orientation process for first year students.

The Study with Success program has been made mandatory for all the students as it prepares and equip them with practical principles to adopt for a successful college life and excellent study tenure.

The sessions were held on Tuesday 13th and Thursday 15th September 2022 respectively, within the university's orientation schedule. SLM partnered with Morning Dew, (the University's outreach and devotional program) and the facilitators were graduates from the last Study with Success Training of Trainers that was held at Campus Crusade for Christ Hall in April this year, facilitated by Urs Wolf.

A total of 150 students gave their lives to Jesus Christ, while 320 people were exposed to the gospel. 100 students indicated interest in coaching and discipleship.

Some of the topics covered in the training include the The Pareto Principle, Taking Notes, Setting Goals, Setting Priorities, Keeping Yourself Sharp, Being Proactive, & The Daily Performance Curve.

Students that got born again pose with Hlengiwe after receiving Bibles.

The inauguration of the program at the university was by no doubt well received as students were well engaged and recipient.

Speaking about the facilitation of the program, Sibusisiwe Ginindza, one of the students who also received Christ in through the program, acknowledged that there was so much depth in the program and expressed her gratitude for being part of it.

"The facilitators were very friendly, welcoming, and interactive. They also tried by all means to explain everything clearly, even with present life examples. I am very much grateful to the university for giving us such a preparatory program." She said.

SEEING IS BELIEVING

A learner reacts to the Jesus Film showing

On Wednesday, 28th September, the Jesus Film Project Eswatini showed the Jesus Film to over 300 learners at Sigombeni Primary School.

About 100 learners' received Jesus Christ as their Lord and Saviour after watching the film. Speaking of the event, Jesus Film Project Eswatini Leader, Mrs Bongiwe Sibandze said she was excited with the impact the shows were making.

"Seeing the reactions from the children was very interesting as it depicted how much of an impact this films have sowing the gospel seed at an early age." She concluded.

OUTREACH AT BHEKINKHOSI

Above: An open air was held At Ka Mfanyana Grocery.

On Saturday, 25th October 2022, GCM's Mnotfo Nkambule, and his *Grace for All* movement team partnered with Bhekinkhosi Redeemed Assemblies Church for an evangelism Outreach.

Mnotfo was accompanied by CCC Eswatini accountant Mzwandile Nkambule, and they first trained the church members on how to use the Four Spiritual Laws booklet when sharing the gospel.

A total of 46 people received Christ from the outreach as the people invaded homes with the gospel, and set an open air at the nearby grocery. What also stood out was the fact that even the young ones around the ages 8 and 9 went about sharing the gospel also to those their age.

Below: A section of the training attendees pose with the 4 Spiritual Laws booklet Which was used to reach out

HOPE IN THE QUEUE

Greeting, my name is Busiswa Simelane. I have most recently started my walk in God, and this is my story.

I was standing in queue at Mbabane Hospital when a warm smiling woman greeted me and we started talking.

She asked me what is it I wanted God to do for me, and such a question was very convenient at the time as I was struggling to pay my tuition fees.

She prayed with me, and we exchanged numbers, and I later

Busiswa Simelane receiving A Bible from Mrs. Nzima

was introduced to her church in Matsapha where I was warmly welcomed. I am so grateful for the interest she showed to me and how she presented Jesus to me, she showed love throughout.

WOMEN'S MINISTRY HOST MC2 TRAINING AT SIPHOCOSINI

On the 10th September 2022, the Women's ministry held an MC2 training at Siphocosini Evangelical Church.

The training was a follow-up from a vision casting that was done by Mrs. Ncamsile Nzima in March. The church members had indicated their desire to have a training on evangelism.

GCM National Director facilitated the training being assisted by Mnotfo Nkambule, Thandi Shabangu and Luvuyo Dube.

The women at the church were very excited with the training and showed more interest in implementing what has been learnt.

Mrs. Joyce Msweli who was part of the training expressed her excitement on the tools used for evangelism citing that sharing the gospel is simplified with such tools.

"I am more than excited to have been part of this, much has been learnt." She said.

FROM MERE FELLOWSHIP TO RELATIONSHIP WITH CHRIST

Greeting, my name is Khetsiwe Dlamini, and I received the Lord at Campus Crusade for Christ.

I had come to the premises at first to meet with Mrs Joyce Msweli who counsels different women.

After my session with Mrs Msweli I was invited to attend the Wednesday prayer sessions, and I later met Mrs Ncamsile Nzima who led me to Christ using the Four Spiritual Laws booklet.

REACHING OUT THROUGH

EDUCATION

THE MCINISELI STORY

By Vusa Sithole

The pages of a learner's book are turning. Scrap papers are all over the table and everyone is alternatively listening and taking notes as a young tutor helps these Form 5 students study.

Time vanishes, before long the once blistering sky is turn dark. Everyone is glued to the sums and equations they have to solve. They are huddled together and lost in the lecture despite the fact that the streets of Matsapha are overcrowded and noisy.

From a distance seeing the group, you would swear it is they are learners but when you draw nearer you can see that their eyes are glued to this lanky, baby faced graduate called Mciniseli Gwebu.

Mciniseli is a Bsc. Environmental Sciences graduate from the University of Eswatini who has dedicated most of his spare time in helping other

young learners prepare for their final examinations. He is an associate staff at CCC Eswatini who has served mostly with SLM and adopts study with success principles to facilitate his educational study groups, which are in Matsapha, Hlathikhulu, and Nhlangano.

Ndabezinhle Khumalo, a newly admitted Medical Laboratory Sciences student at Eswatini Christian Medical University is one of the many that have benefited from this program.

Khumalo joined Mciniseli's Hlathikhulu based study group as a Form 5 learner. He acknowledged that being part of the studies helped him a lot and stays forever grateful for the opportunity.

"I approached Mciniseli at Salem (Hlathikhulu), and asked that he help me with my studies since we were facing the COVID -19 crisis, so we would not go to school. I am so grateful to have been part of this and pray that he continue helping others." He said.
