# MINISTRY ELEVATION

Calvary greetings saints and partners in the wonderful work of helping to fulfil the Great Commission.

It is with great gratitude and inexplicable joy that I present to you this report that entails what was happening in the months of April and May 2023.

This year, our ministry has been upgraded to stage 2 countries, and we are hoping to develop even further until we are in stage 3. We also celebrate the improvement in leadership skills with some of our local staff being appointed to coach in other countries.

We have seen successful trainings like numerous Success At School seminars, breakfast

**Rev. Samson Nzima**  
Eswatini NTL

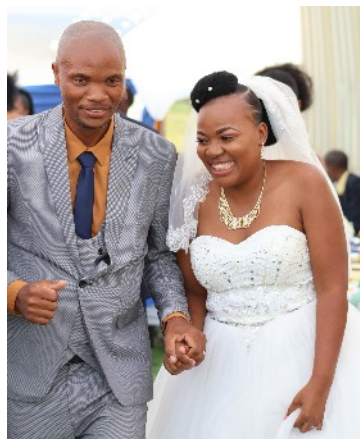

Meetings, and MC2 trainings.

Digital Strategy is one of the components that are still growing in the country, and it was pleasurable to have them host their first training.

We have also seen growth in our staff as 2 new interns joined the SLM team and 15 key volunteers joined Women Ministry.

May God bless you all.  
Amen

## NEW FAMILY

We would also love to celebrate the new Masuku family of Sikhumbuzo and Hlengiwe (our SLM and Bookkeeping staff).

The wedding took place at Rebuilding The Body of Christ Ministries International in Matsapha What What Church on April 06, 2023.

God's design for family is marriage. We can always hope to see more marriages as our new staff grow. We pray that God bless, protect and sustain this new family.

CCC Eswatini staff in a meeting

## ESWATINI MINISTRY UPGRADE TO STAGE 2 COUNTRIES

Campus Crusade for Christ is globally aiming for the sustainability of all its national ministries.

This is to reach to a point whereby all the national ministries have enough fund capacity, effectively use the organization's systems and have flourishing ministry results.

As of 2023, Eswatini has upgraded to a Stage 2 country due to the improvements in different areas of the ministry. All national ministries are

expected to subscribe to the 5 non-negotiables which include; having official emails, using Google Suite, using Netsuite, Leading with Information, and Attaining sustainability

1. Official Email Addresses: Eswatini has been able to assign official email addresses to all its staff as of May 2023.
2. Using Google Suite: The ministry has been actively working digitally lately by sharing e-docs.

3. Netsuite: Eswatini has also improved in the usage of Netsuite from previous years.

4. Leading With Information: Lack of accurate and timely reports dwarfs the progress of any ministry. Eswatini has created a culture of monthly reports.

5. Sustainability: A Sustainability office was set up, and there are trainings, and staff sensitisation on Sustainability.

## ESWATINI NOW COACHING OTHER COUNTRIES

With the improvements that are taking place in different areas of the ministry, Eswatini's Sibusiso Mlambo has been chosen to coach in some clusters in the Operations and in Global Church Movements.

With Operations, Eswatini was chosen to lead Cluster F which consist of 6 countries (Eswatini, Mauritius, Lesotho, Botswana, Namibia, and South

Africa). The coaching is about helping the other countries to also improve where Eswatini has improved.

With Global Church Movements, Eswatini also leads Cluster F.

This is a huge feat for the local ministry because it also provide a networking and growth opportunity.

Eswatini Operations & GCM Leader Sibusiso Mlambo

## GLOBAL SUSTAINABILITY VISIT ESWATINI

Eswatini had the privilege to receive close up coaching sessions from Jacob and Idah Banda who are from Global Sustainability team.

The Banda family spent three full days in the kingdom that they dedicated to help coach the NTLs, leadership team, and staff.

On the first day, they met with the National Team Leaders, Rev. Samson and Mrs. Ncamsile Nzima. On the second day, they met the leadership team training them on sustainability and support raising.

On the third day they met with all staff and encouraged them on support raising.

All this happened between 9 and 11 May 2023 at Mountain View and the Campus

for Christ offices respectively.

There will be a detailed DMPD training for news staff later this year which will be more detailed as eight new staff members already did MPD training

## OPERATIONS' TEAM TRAINING

Eswatini is committed to excellence and continuous improvements as it grows with new staff, new opportunities, new ideas and new technologies.

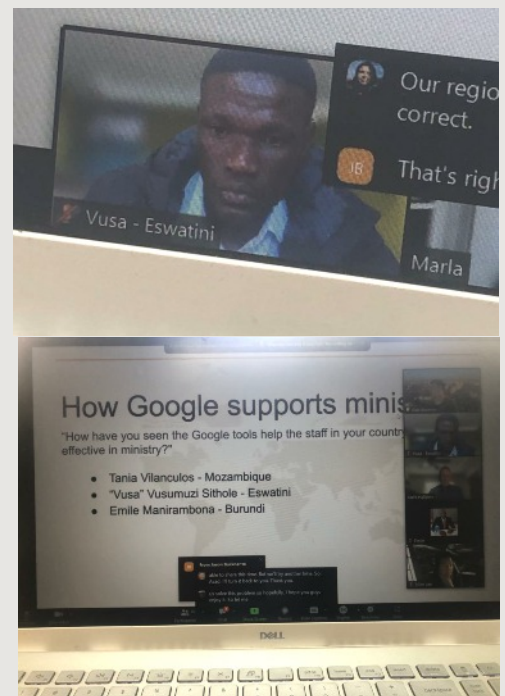

The operations department which plays a major role in capacity building is also improving gradually and intentionally.

Mzwandile Kunene and Hlengiwe Khumalo who are serving in the finance department had both physically attended Netsuite trainings in Rwanda and Ethiopia respectively.

There has also been numerous and continuous online OpsFC training that the operations team makes sure they attend weekly.

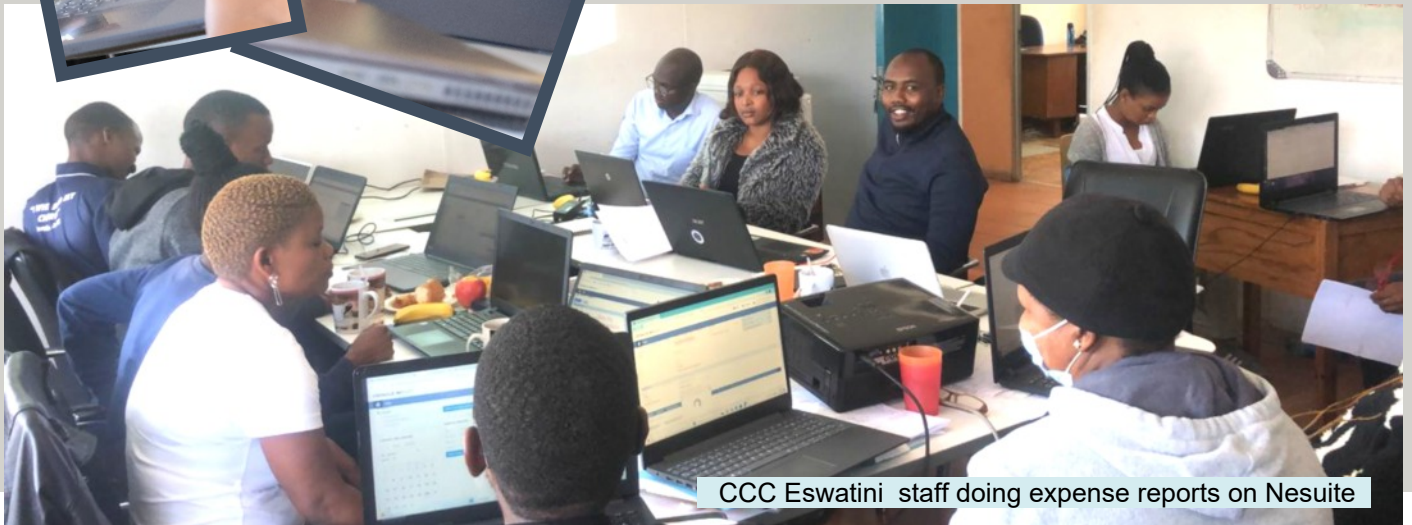

Vusa Sithole has also been attending Global Technology Support Network (GTSN) meetings as a trainee IT person for the local ministry weekly.

There have seen substantial improvements with these developments exposing and equipping the staff to global coaches, which then makes running with the vision more lighter.

Trainee IT Person for Eswatini Vusa Sithole in one of the Meetings

# STAFF ORIENTATION TO NETSUITE

CCC Eswatini staff doing expense reports on Netsuite

Eswatini is committed to excellence and continuous improvement as it grows with new staff, new opportunities, new ideas and new technologies.

The operations department which plays a major role in capacity building is also improving gradually and intentionally.

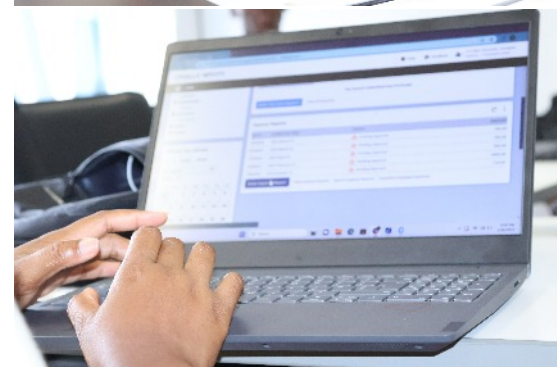

Mzwandile Nkambule and Hlengiwe Khumalo who are serving in the finance department had both physically attended Netsuite trainings in Rwanda and Ethiopia respectively.

There has been a dire need for all the staff to access, understand and use Netsuite for their financial transactions. So, on May 26<sup>th</sup> 2023, the finance team

organized a Netsuite training for all staff whereby they were oriented to Netsuite, helped on how to make requisitions in Netsuite, budgeting and on how to enter expense reports.

All 18 CCC staff were present in the orientation, and are all expected to adopt the digital way of doing things.

“We were really excited with the progress and cooperation we received from everyone, we look forward to working conveniently with our systems now.” Thanked Mzwandile.

Hlengiwe and Mzwandile led the sessions of training the staff on how to use Netsuite

# *Congratulations*

## *Bo Nhlane*

*Campus Crusade for Christ Eswatini delights in expressing their heartfelt joy for the blessed matrimony of Sikhumbuzo Masuku and Hlengiwe Khumalo  
May God be the plinth of this new family forever, Amen.*

## PREPARING FOR MULTIPLYING DISCIPLES PROJECT

As a follow up to the A6 Project training that was held in Zambia, in December 2022, CCC Korea is sending some of its missionaries to assist Eswatini in multiplying disciples.

The Korean team will be in Eswatini from July 10 to August 12 2023, and will be working closely with the SLM team.

Currently, the SLM team alongside the Korean team are preparing for the project through Zoom meetings and online engagements.

“The objective of the project is to help move engaged disciples into multiplying disciples in Eswatini, and to train the local staff into having sustainable movements in the different campuses, and to improve

engagements in small group meetings.” emphasized Luvuyo Dube, one of the SLM staff.

The project is in line with the SLM goal for this year which is to raise 200 multiplying disciples.

# TAEKWONDO IN ACTION FOLLOW UP

Mancoba Dlamini engaging students

Luvuyo Dube leading in the reading of the Holy Spirit booklet

Follow-Up is the process by which new believers are established and equipped with the basics of Christianity, so they grow towards spiritual maturity and become multiplying disciples.

Our main goal for this year is moving engaged disciples to multiplying disciples through effective follow up and trainings, therefore building spiritual movements everywhere so that everyone knows someone who truly follows Jesus Christ.

On the 9th and 11th of May 2023, TIA (Taekwondo in Action) students of about 10 were trained on how to do follow up, an ongoing discipleship following the previous encounter with them where they were trained to share the Gospel.

Follow-Up is important as it helps new believers establish their confidence in the bible as the basis of their faith, help them understand biblical principles of spiritual growth, build a friendship with them

and also introduce them to God's desire that all Christians witness.

Having completed the basic follow up series with the students, it is heartwarming to hear their testimonies especially as they share what they learnt through out the sessions and the interest and zeal to continue to share the Gospel and do follow-Up

Ashia Mphosa (Right) shares a light moment with the TIA students

## SLM HOST ALL NIGHT PRAYER

One of the most exciting scenes in today's age is seeing young people wholeheartedly devote themselves to prayer. In times when moral decay is at worst stage it is always impressive to see interdenominational students gather to pray and to also commit themselves to share the gospel.

On May 12<sup>th</sup> SLM hosted an all night prayer at the Campus Crusade premises in Mbabane which was themed "Commissioned to Pray"

SLM is on the mission to reach young people today to change tomorrow's future leaders. Just as Proverbs 29:16 states; *"When the wicked are in authority, transgression increases, but the [uncompromisingly] righteous shall see the fall of the wicked."*

Investing in young people especially with the gospel therefore creates a sustainable plinth for effective and responsible future leaders.

Around 80 attended the all night prayer, which was also graced by National Team

Leader (Director) Rev. Samson Nzima, Mr. Adeloforan Amu, and Rachel Timilola from Eswatini Medical Christian University as main speakers.

The National Director of CCC Eswatini, encouraged young people to submit under the authority of God once they are called because it is also very important to hear and be sure of the voice of God once called. He later prayed for them.

SLM Leader, Mancoba Dlamini presented on how to do 1<sup>st</sup> generation to 4<sup>th</sup> generation evangelism, explaining how once someone has given his or her life to Christ must also invite others. He also highlighted different people who made an impact in the world.

"The main objective of the prayer was to invite students to partake in the great revival that God is doing in the universities, and to also orient them on the importance of multiplying disciples." noted Mancoba Dlamini.

Atleast after the prayer, two volunteers joined the team.

A section of the students that attended the prayer

Mancoba Dlamini emphasizes a point on living a life of purpose

Students praying

## MINISTRY AT MOTSHANE HIGH SCHOOL

They say charity begins at home, and Luvuyo Dube does not want to have his nearest school left out in the pursuit of establishing spiritual movements everywhere.

On 25<sup>th</sup> May 2023, he visited Motshane High School, which is his nearest high school as a resident of Motshane himself, to train Scripture Union members on how to share the gospel using the four spiritual laws.

Luvuyo has been doing ministry at Motshane High for some time now, helping the students academically and spiritually.

“It’s been a pleasure working with them and it’s amazing seeing them share the gospel to others, so we are also preparing to have an Outreach day where we will share the gospel to students around and invite them to join the SU team.” He said.

Luvuyo Dube at Motshane High

## SLM CELEBRATE GRADUATES

On May 4<sup>th</sup> 2023, SLM staff and student leaders celebrated Ashia Maphosa and Neliswa Mlambo on their graduation with B.A Degree in Psychology at Eswatini Medical Christian University.

Study With Success has also played a huge role in their academic successes, Ashia mentioned that having obtained 4As and 4Bs in her final year is as a result of the trainings she received at Campus Crusade for Christ that was organized by SLM in April 2022, and if she had received the training and knowledge she received earlier in University, she would have gotten all As.

Neliswa and Ashia have been student leaders serving under SLM whilst they were still students at the university. They were disciples of Lucy Dlamini, former CCC staff and wife to SLM leader Mancoba Dlamini.

The celebration took place at Tandoori Restaurant, and through the contributions of the SLM staff and student leaders and alumni.

These students run with the vision of CCC, shared the gospel and formed small groups. Ashia has recently joined to CCC Eswatini as a missionary staff serving under the SLM component and Neliswa is an SLM volunteer.

“I am humbled by the kind gesture you have shown me, I feel like I am part of a family here.” Expressed Ashia Maphosa.

# THANK YOU

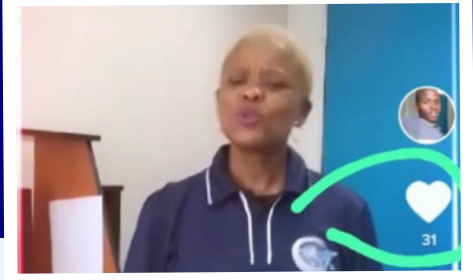

*Campus Crusade for Christ Eswatini management and staff  
hereby express their gratitude in recognition of your  
unreserved support for the ministry.*

# “I WILL BUILD MY CHURCH”

*A church Planting Campaign by GCM for the Month of May 2023*

GCM have assigned the month of May for a church planting campaign that happens every year worldwide, even this year Eswaini dedicated the month to the initiative in a theme called "I WILL BUILD MY CHURCH"

The campaign encourages the Christian community to be active in evangelism, discipleship, and church multiplication.

**Prayer**

Prayer is a fundamental habit for a successful ministry. The GCM team were absorbed in prayer every day at 07:30 pm using Zoom throughout the month of May 2023.

**Media**

GCM Eswatini used different media platforms in the campaign including; radio (VOC), Facebook, TikTok, and newspapers (Times of Eswatini). It has enhanced in setting the tone, making everyone to be aware of the campaign. Many believers were engaged especially through radio, and the appearance in social media and print media has brought more exposure for the ministry at large.

A GCM article in the Times Of Eswatini newspaper

GCM team at VOC offices

**GOD'S SYNERGIES-CHURCH PLANTING**

*"For we are God's fellow workers. You are God's field, God's building."  
- 1 Corinthians 3:9*

Partnership is God's is deal for His kingdom to multiply, that is why Paul refers the church as God's fellow workers, while others plant, others cultivates and God brings the growth. Jesus even said the harvest is plentiful but the only thing that is in short are laborers, the few laborers should ask more from God. As GCM strategy we know our part is not only praying but to also identify the laborer and approach them to work along them.

Observing Eswatini, everyone is having an opinion that the country has been overly evangelized and the strict standards in communities makes church planting slow and even hard. The team found it effective to focus more on partnering and coaching church planters to do the job in their communities rather than interfering.

In this month of church planting, it was pleasing to see a church being planted in the center of a village at Matsetsa on the Eastern of the country. Amid unfriendly weather and horrible roads in that place, multiplication is taking place. The church was planted in March this year by Mgcashini Lukhele who had already met with Mandla and shared the vision of his calling to start a church.

"Since our plan action is to share our vision and strategies of evangelism, discipleship and church multiplication, I happen to know Mgcashini in our area and I shared with him our vision. He grew interest and introduce me to his pastor; the pastor was also excited so I invited Mgcashini to our online MC2 training. He already had a place to start so he did open air and house to house evangelism. Then the church started to grow with 8 won to Christ. Soon he started training the 8 with four spiritual laws and they came back with seven who gave their lives to Christ." Mandla Maziya highlighted.

### 3 CHURCHES & 16 SMALL GROUPS PLANTED

At least 3 churches and 16 small groups have been planted aligning with the campaign. Two churches were planted in Siteki and 1 was planted in Lavumisa.

#### Sibovini

“Last year in December I met with Mr Mamba and I share about church planting. He was very interested and he shared that he wanted to start a church and so I told him about an area called Mabovini where there are very few churches”. shared Mandla Maziya a GCM staff. He also mentioned that Mr Mamba went to Mabovini and started a church in January 2023 after doing home to home evangelism where he won people to Christ. Then on the 26<sup>th</sup> of March Mandla went again to visit the church and

found that 15 people were attending.

#### Matsetsa

Revival Life Ministry finally planted another church. After showing interest to Mandla Maziya of planting another church, they did an open air in Matsatse at the Lubombo region where they won 10 people to Christ.

Then Mandla went there to train them on the 4 spiritual laws so that they start sharing around their area. Mgcashini Lukhele, the Life Revival Ministry chairperson is leading this church and has attended the current online MC2 training. “We trust God that he will learn a lot especially on how to disciple new believers”. Said Mandla Maziya.

#### Lavumisa

At Siphambanweni in Lavumisa, another church was planted in the month of April by Pastor Lushaba. He had the desire to start a church, attended the M2 in April and in this area he started a small group with 15 people, some won to Christ.

Bible distribution at Sphambanweni

GCM's Mandla Maziya Mancoba Dlamini posing with the new church

#### Sunday School Ministry

Ealy this year the GCM team conducted a training on Sunday school ministry after identify a gap in reaching communities with the gospel. “We have been approached many times by church leaders pertaining reaching out to children. So we found it very important cushion every church plant we coach to take children ministry as a vital step in starting and growing their ministry.” Sibusiso a GCM director emphasized. On the 14<sup>th</sup> of May, Mandla Maziya helped the church which was planted in February by Mr. Mamba, start children ministry

#### Campaign Can't Stop

In as much as the campaign was scheduled for the month of May, the dedication to evangelism, discipleship and church planting should continue. The impact it has made in the Eswatini nation cannot be unwritten.

“We thank God for the beautiful report and we know that we would not achieve this alone, thank you to our partners and Campus Crusade for Christ team as a whole for support and prayers.” concluded GCM staff Bongwiwe Sibandze

# FOLLOW UP PROGRESS

Campus Crusade for Christ does not only delight in evangelism, but it is committed to winning, building, and sending Christ multiplying disciples.

GCM uses a Level 1 to Level 5 grading method to help track the progress of the disciples they make after sharing the gospel.

Level 1 are seed sowers, who are believers that start sharing the gospel themselves, using the available tools. Level 2 are church planters and small group leaders, the believers

who not only share the gospel, but also do a follow up to those they have shared the gospel to. Level 3 are church multipliers which are believers that have multiplying disciples.

Level 4 are movement trainers which are believers that can now train others on how to build movements by coaching seed sowers.

Level 5 are movement catalysts which are believers that are supervising multiple movements even across countries just as Apostle Paul was overseeing different churches in the early church.

This year, 2023, GCM has compiled a report of its progress with the believers it has engaged grading where they are according to the levels and the results were as follows;

**Level 1:** 25

**Level 2:** 17

**Level 3:** 4

**Level 4:** 1

**Level 5:** 1

MC2 Training at Mntimamane AEC

## OVER 20 GCM VISION CASTINGS

In this year's GCM strategy, the plan is to have at least 50 vision castings by December 2023. So, since January the team has been actively involved doing vision castings around the country with churches, communities and believers.

So far, GCM have done over 20 vision castings. They have resulted in having more trainings, planted churches and small groups. Even with the simplest acts of sharing the vision, God is able to open doors and create movements.

Mnotfo Nkhambule a GCM staff, visited Mahlabatsini, on the 8<sup>th</sup> April, to share and challenge on the GCM vision. He shared to about 70 believers where there were two churches who came to worship together during the Passover services.

On the 9<sup>th</sup> of April he went to Siweni at Jesus Christ Fellowship Church where he shared to more than 20 believers.

On the 20<sup>th</sup> May GCM had a training at Mtimane African Evangelical church in Mankayane located in the Manzini region. This training was a result of a vision casting that happened in March.

There was a warm welcome from the church, and 21 participants were trained which included the leadership and believers. Since it was the first week, the training was scheduled to continue in the first week of June so that they are also commissioned into the field.

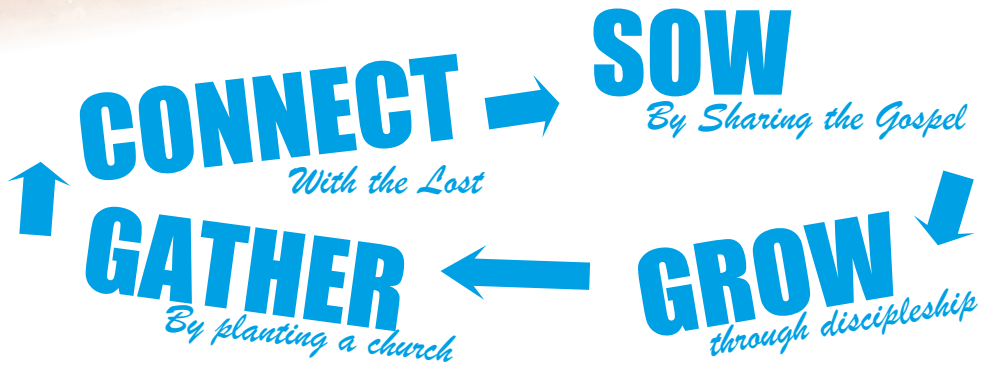

GCM ESWATINI PRESENTS

# I WILL BUILD MY CHURCH

A church planting campaign in the month of May 2023

This May 2023, Global Church Movements Eswatini is encouraging believers to share the gospel and to plant churches. Follow the campaign on radio, TV, print media and social media.

To partake, contact Mnofo Nkambule at +268 7836 2309 or Mrs. Bongwe Sibandze at +268 7689 4447

# WOMEN MINISTRY HOST BREAKFAST MEETING

To mark the end of the MC2 online training that Women Ministry hosted with GCM in February, it hosted a Breakfast meeting at Mountain View on 19<sup>th</sup> April 2023.

At least the majority of the MC2 participants attended in the event whereby they were able to meet each other live,

interact and get to learn more about Campus Crusade for Christ as a ministry, its different strategies, vision, mission, and values.

All the Eswatini ministry staff attended the event to support Women Ministry, with the national director appreciating everyone for being zealous

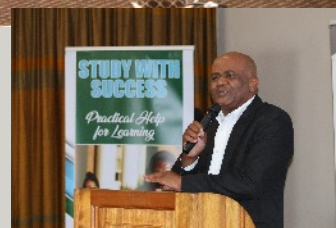

in the training and also encouraging others to start practising everything that was learnt in the MC2 training.

GCM leader Mr. Sibusiso Mlambo highlighted that as GCM they were grading the participants according to their work in the ministry.

*“The main purpose for the breakfast meeting was vision casting, and to select key volunteers, that is why we had a meeting after the event. We thank God for its success..”*

*- Mrs Ncamsile Nzima  
(Women Ministry Leader)*

Women Ministry Key volunteers pose

## CCC ESWATINI WELCOME KEY VOLUNTEERS FOR WOMEN MINISTRY

2 Timothy 2:2 (NLT) reads; "You have heard me teach things that have been confirmed by many reliable witnesses. Now teach these truths to other trustworthy people who will be able to pass them on to others."

Women Ministry as a strategy under GCM has been hoping to recruit a team of volunteers from the MC2 attendees that was held in February 2023, and other faithful disciples.

God made it possible for the strategy to recruit at least 15 key volunteers who have since formed part of the Women's Ministry team.

Women Ministry has been actively involved in the ministry especially with the Success At School TOT that was held in November 2022, and the follow up seminars.

Speaking about the new volunteers, Women Ministry

leader Mrs. Ncamsile Nzima expressed her gratitude by saying;

"We thank God for the wonderful progress we are seeing, having a Women Ministry team was something I have been praying for because we are under staffed as GCM. We are believing God for more impact as we will reach new heights now."

# MANGWANENI NAZERENE RECEIVE SAS SEMINAR

On April 29<sup>th</sup> 2023, Women Ministry visited Mangwaneni Church of the Nazarene for a Success at School seminar.

Women Ministry leader Mrs. Ncamsile Nzima presented the *Falling Plates* video, with Philile Khumalo, Nomsa Dlamini, and national director Samson Nzima covering the other topics that included; *Setting Goals, Best Parenting Styles, Daily Performance Curve, and Setting Priorities.*

At least 43 people attended the seminar, 21 of whom received Christ. Those who attended included parents, high and primary school learners. Pastor Sibongile Dlamini, leader of the church thanked the Campus crusade team for blessing the church with such lessons.

Nomsa Dlamini presenting Best Parenting Styles

Mrs Ncamsile Nzima leading with the Falling Plates video

# MNYOKANE RECEIVE MC2 TRAINING

Early this year, Pastor Lucy Dlamini heard met with Women Ministry and a relationship was built whereby she asked that the ministry visit Mnyokane for MC2 training as they had a group of interdenominational brethren that are wholeheartedly

devoted in doing things of God, interceding, and having community prayers.

Women Ministry honoured the invitation and on 26<sup>th</sup> April 2023. The first phase of a live MC2 training was held being facilitated by GCM leader with

Sibusiso Mlambo, and Mandla Maziya, while national ministry directors Rev. Samson Nzima and Mrs. Ncamsile Nzima attended.

At least 24 people attended the training, which will also continue later in June 2023.

MC2 Participants from Mnyokane

# JESUS FILM SHOW AT MAFUTSENI

On 5<sup>th</sup> May 2023, Women Ministry alongside Jesus Film visited Mafutseni to have a Jesus Film show.

The film was shown in a tent that was erected by the newly formed church by MC2 participant Mrs Thembi Mdluli. At first, they did home visitations, sharing the gospel one on one using the four spiritual laws.

While doing the one on one

the prayer to received Christ. Around 130 people attended the screening of the Jesus Film. This included men, women, and children. At least 25 of them prayed the prayer to receive Christ.

CCC Eswatini National Team Leader Samson Nzima, women ministry leader, Ncamsile Nzima, JF volunteer Mphumelelo Xaba, and CCC Eswatini accountant Mzwandile Nkambule were

part of the team that facilitated the showing of the Jesus Film.

On Sunday 7<sup>th</sup> May 2023, the new believers received Bibles from CCC Eswatini for discipleship and follow ups.

“What God is doing is just amazing, when you look at the fact that 85 people received Christ, young and old, it is just amazing.” Concluded Mrs Ncamsile Nzima.

Women engaged in a Bible study group

Mrs Ncamsile Nzima pose with children at Mafutseni

Hope visitations at Mpolonjeni, Mbabane

## 2 CHURCHES & 14 SMALL GROUPS ESTABLISHED

Two churches have been planted so far under the guidance of Women Ministry while a total of 19 small groups has been established from January to June 2023.

Mrs. Thembi Mdluli who was a participant in the February MC2 training, was able by God’s grace to plant a church in Mafutseni. She began doing home visitation for one on one evangelism using the four spiritual laws.

On 5<sup>th</sup> May 2023, a Jesus film show was done, and on Sunday of the same week, Bibles were distributed.

At least around 80 people have joined in the new church.

Mcebo Mabuza is another MC2 participant who was delighted to have the ministry support her in church planting. The church started with home evangelism where 2 small groups were formed which were later merged to form the new church.

At least 14 small groups were formed from through Women Ministry this year so far. 12 were formed through MC2 and 2 were a result of the SAS seminars.

# MBULUZI HIGH SCHOOL RECEIVE SUCCESS AT SCHOOL

The Success at School strategy has been effectively used by Eswatini this year to penetrate to different institutions and places and to start movements.

On May 4<sup>th</sup>, there was another seminar at Mbuluzi High School, which was a follow up seminar from the Success At School Training of Trainers workshop that commenced in November 2022.

The school dedicated this day for the seminar and included every learner from Form 1 to Form 5. A team of facilitators from the ministry was there to assist this woman ministry initiative.

Some of the topics that were covered include; *Setting Goals, Setting Priorities, Exam Preparation, How to Study, Memory Strategies, Taking Notes, Daily Performance Curve, Your Sleeping Needs, and Keeping Yourself Sharp.*

The number of learners that attended the seminar was around 450. A total of 73 learners prayed the prayer to receive Christ.

Speaking after the seminar some of the learners expressed their gratitude for the opportunity saying that they have been greatly empowered and they had vowed to commit themselves to academic excellence by following the tips Success At School had empowered them with.

Zwelakhe Langa who is doing Form 5 was one of the learners that accepted Christ in the day. He expressed how gracious he felt God was to him to pursue him just when his life was starting to take a wrong turn.

"I was already starting to involve myself with wrong friends and to waste my life but I am glad I met God today." He said.

Attendees pose with the Campus Crusade team

## LEADERSHIP FORUM & VISION CASTING

Leader Impact Eswatini successfully hosted a Leadership Forum & Vision Casting event at Mountain View on April 22, 2023.

At least 22 professionals registered for the forum, which was graced by Dr. Powlose, missionary doctor based at RFM Hospital as the main speaker.

Dr Paulos encouraged everyone on the importance of representing Christ in every space God puts you in. He emphasized that everyone is only blessed to bless others, therefore it is a privilege to share Christ in the workplace.

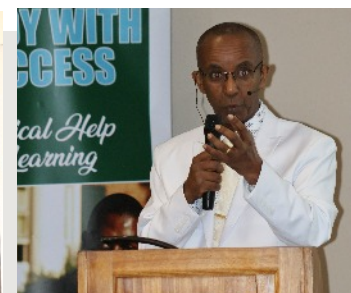

“A car does not exist to drink fuel. It only needs fuel because it is going somewhere. Likewise, it would be a great misfortune if you only work to get money. t God did not bless you for yourself. He blessed you to bless others.” Dr. Paulos said.

Leader Impact Eswatini leader, King Kunene did the Leader Impact vision casting, highlighting what Leader Impact is, its vision, mission, values, and objectives. He also gave everyone the opportunity to partner with the strategy

which is focused mainly on reaching leaders in the workplace with the gospel of Jesus Christ.

*“God did not bless you for yourself”*

*- Dr Powlose*

# NYETANE HIGH SCHOOL PARENTS RECEIVE SUCCESS AT SCHOOL

The parents that accepted Christ on the day pose with Bibles.

When a godly person is in a leadership position, he become a vehicle which God uses to transform his people and the society at large.

Nyetane High School Principal Nhlanhla Bhembe attended the Success At School TOT in November 2022, was equipped and later felt the need to have a seminar for the parents by inviting Leader Impact Eswatini, who visited the school on May 11, 2023.

Leader Impact leader King Kunene and Principal Bhembe were the facilitators in the seminar covering the topics of *Setting Priorities*, *Best Parenting Styles*. And *Keeping Yourself Sharp*.

A total of 86 parents attended the seminar which was held at the school premises. At least 15 parents prayed the prayer to receive Jesus Christ and 19 Bibles were distributed for discipleship.

This seminar was a follow up seminar to a SAS seminar that was dedicated mainly to students at the school that was held on May 3, 2023.

Some of the topics that were covered in the students' seminar include; *Setting Goals*, *Setting Priorities*, and *How to Study*. There is yet to come another seminar for the students that will focus mainly on exam preparations especially for the external examined classes.

## Success At School Transforming Families

God has been using the Success At School strategy effectively to touch and transform His people.

From the students to teachers and parents, the Success At School removes the veil and allow one to have a clear introspection and vision of his or her life.

When the seminar was held at Nyetane High for parents, one of the parents that attended there was deeply transformed. So, he went home a changed man, having resolved to become a very responsible parent that will help his children and family as a whole.

Arriving at home, the man sat with his family and told them that attending the seminar had exposed to him the things he was not doing well as a parent and

he had resolved to change, and adopt the authoritative parenting style.

“The wife came to my office and told me about how the SAS seminar had changed her husband. She also noted that at first it was the child that came home changed from attending the SAS seminar for students, then the father. She was asking me for the next parents’ seminar as she had missed out on the lessons herself.” said a delighted Nhlanhla Bhembe, the school principal.

Leader Impact leader King Kunene applauded to the story by saying; “It is really encouraging to hear such testimonies because that is why the strategy exists, not just to host events, but to see the transformation of lives.”

## **About Us**

*Digital Strategies is a Campus Crusade for Christ strategy that focuses on doing ministry online*

## **Vision**

*We make Jesus and His Mission accessible to everyone, anywhere, anytime they want to be part of it*

## **Mission**

*To radically accelerate the fulfillment of the Great Commission across all audiences, meeting them where they are using digital approaches, tools and principles*

## DS TRAINING & VISION CASTING

On May 5<sup>th</sup> 2023, Digital Strategy Eswatini hosted its very first Digital Strategies Training in Eswatini where 9 young people were trained.

Those included 6 high school leavers and 3 university students. the Main mandate of the training was to sensitise the participants about what DS is all about and how she can enhance the fulfilment of the Great Commission.

The participants were trained on how to use the GodsTool App to in sharing the Gospel. the Trainees were first taught on how to maneuver on the App and identify options like

conversation starters among the many others inside the App. The FOUR part was the main focus as the participants were being trained on using the App for the basics of evangelism.

DS Eswatini leader, Luvuyo Dube challenged the participants to go share to 5 people in that week using the GodsTool App.

Leader of SLM Eswatini, Mancoba Dlamini, also encouraged the young people to involve themselves in digital evangelism and discipleship as there was a niche especially with the transformation of the digital industry globally.

## SHARED IN A BUS

One of the participants, Abenkhosi took the challenge very seriously and shared to someone in the bus after leaving the meeting. The person prayed the prayer to receive Christ.

He also shared the God's Tool App to the newly convert and encouraged him to use it to share the gospel, and to also share it with others.

"I really enjoyed the training as it helped me realize that there is a simple way of sharing the Gospel using your phones and that's a good thing since our mobile phones are always with us"  
- He said.
